Lake Okutama | Okutama machi

With the rise of social networks like Facebook and Instagram, introducing "spectacular views" while traveling is becoming a popular trend. There are plenty of locations with "spectacular views" in Tokyo Tama, endowed with rich nature. Lake Okutama displays diverse scenery for each season, such as cherry blossoms in spring, autumn foliage, and winter snowscapes. There are also other attractive locations such as the mystically majestic Nippara Limestone Cave and the magnificent Hossawa Falls with its mid-winter frozen waters. Take a 1-hour trip from the center of Tokyo to these stunning sights.

Okutama machi

Lake Okutama

At night, the sky of Lake Okutama is filled with brilliant stars. The lights along the bridge and road flicker on the surface of the lake, creating a wondrous mood.
