Nature #12
Flower

Ome

Theme **Hunting for Color**

Springtime in Ome brings bright hues of blooming flowers. It starts with plum and cherry blossoms, followed by vivid irises and pink azaleas decorating the town as summer begins. Search for the colors of each season.

Shiofune Kannon-ji Temple and Fukiage Iris Park

Flower Viewing in Ome

The best thing about this hiking course is how it's so close to the station. You'll find seasonal flowers in bloom if you come between spring and early summer. Ome Forest, where I often walk, is beautiful with its new greens and autumn leaves.

(Hayakawa, Ome Tourist Information Committee)

8 Shiofune Kannon-ji Temple

Azaleas bloom Mid-April to early May

A temple known for both its history and flowers. Its 200,000 azaleas invoke a sense of heavenly paradise.
