

Noyamakita & Rokudōyama Park

Theme **Satoyama nature-play**

The Sayama hills, where the original scenery of the mountain woodlands persist to this day. The "Green island" floating within the city is an oasis where many animals and plants live. If you look closely, listen carefully and walk through the forest, you'll find impressive encounters with wildlife within.

野山北・六道山公園 Noyamakita & Rokudōyama Park Nature-play discovery map

Located at the western end of the Sayama Hills lies Noyamakita & Rokudōyama Park. Pick up the highlights of a city park where abundant nature remains. Get around on foot or by bicycle. With plenty of parking it's also easy to go around by car.

Miyanoiri & Nishimori

Inside this forest of deciduous trees, insects including beetles, wild birds such as pheasants and owls, and valuable wild grasses make their home here.

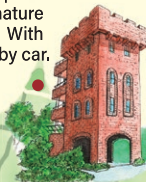

Satoyama Folk-house

Offering various events to experience the Satoyama, centered around the omoya of newly built and restored Edo period thatched folk-houses.

☿ 2-32 Kishi, Musashimurayama

🕒 9:00 to 16:30 (Until 17:00 from March to September) / No holidays
