Inokashira Park

Theme stroll in the park

Feel the transition of the four seasons. An oasis in the city, with lots of activities to enjoy. Going for walks, keeping active with playground equipment, and recently Segway tours are all popular things to do.

You may just discover new ways to have fun from time to time, too.

A spacious animal enclosure with lush verdant trees. Also popular are the Squirrel trail and Guinea pig petting corner.

☎0422-46-1100, 🏠1-17-6 Gotenyama, Musashino ☎9:30 to 17:00/Closed on Mondays (or the next day in the case of a holiday)

An aquatic Museum specializing in freshwater organisms. The "behavioral display" in the carefully bred breeding environment is sight to see.

Inokashira Park Zoo (Main Enclosure)

Inokashira Park Zoo Aquatic Life House

Kichijōji

Nanai Bridge

Gotenyama

A plateau where the Jōmon archaeological sites lie underground. Enjoy a walk through a thicket of Konara and Oak trees.

Inokashira Benzaiten

Mitaka Forest Ghibli Museum

Inokashira Pond

Kanda River headwaters

Inokashira Park

Take a leisurely stroll though nature

Inokashira Park changes its appearance seasonally, with a spring with hundreds of cherry blossoms in full bloom, and an autumn with beautiful fall foliage. Inokashira Pond, in which the water quality has changed dramatically due to the irrigation, has also recently become a new attraction.

Benzaiten, the god of water, Maple reflected on the surface of the water, and the Chozuya picturesquely framed by the trees viewed from the vantage of Benten bridge are a sight to behold.

The water quality is revitalized by process of natural regeneration. Enjoy the beautiful water surface, waterfowl, and cherry blossom scenery from boat.

INFORMATION

🕒16 minutes from Shinjuku Station by JR Chūō Line Rapid service bound for Takao, get off at Kichijōji Station
