Train with the chainsaw

Practice how to start
the engine, remove
the safety device, hold it,
and how to move.

1 Let's put on protective equipment

Safety first! Not that
we mind, when it makes us
look like lumberjacks.

2 Cut the log

Slice logs using
a chainsaw.
It's easier than
you might think.

4 Cut freely

Try a variety of cutting methods.
If you can handle it freely,
you'll soon be a master.
