

Relaxation #07  
Heartthrob

## Yomiuri Land

Theme Beautiful, nocturnal scenes

Jewel-colored illuminations, a spectacular night view that inevitably impresses ... How about a memorable night that keeps your sensibilities stimulated?

Hachioji

## Mt. Takao

For Mt. Takao, the Kasumidai Observatory is a must. When it is clear, you can see far indeed. For convenience, make use of the cable car.

☎ 042-661-4151 (Takaotozan Railway) 🏠 Takao, Hachioji  
※Be sure to check the last transportation.

TOKYO TAMA

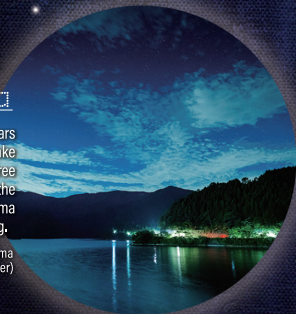

# "HERITAGE" NOC-TOUR-NAL

Okutama

## Lake Okutama

You can enjoy the stars from around Lake Okutama. There are free parking lots around the lake, such as Okutama Lake Dam Site Parking.

☎ 0428-83-2152 (Okutama Tourist Information Center)  
🏠 Hara, Okutama

Nishitokyo

## Skytower Nishitokyo

A radio tower known as Tanashi Tower. Illuminated colors such as purple, green, and blue represent the weather the next morning.

🏠 5-8-2 Shibakubo, Nishitokyo ¥ No admission  
⌚ Lightening hours 17:00-24:00 November through February, 18:00-24:00 in April, September, and October, 19:00-24:00 May through August (There are fluctuations such as special lighting up and temporary turning off)

Inagi

## Yomiuri Land

The largest illumination spot in Tokyo. Themes change every year with autumn - winter garden lit up. Even rainy ground reflections mesmerize.

☎ 044-966-1111  
🏠 4015-1 Yanokuchi, Inagi  
⌚ 9:00-20:00, 10:00-17:00 (Opening times vary) ✖ Irregular holidays (Please check the website)

Unite with fellow stargazers and astronomy lovers
