

Experience #05  
Forestry

## Hinohara Toy Museum

Theme **Woodworking**

The west Tama area has abundant forests that seem incongruous with the concrete and steel of Tokyo. A refreshing scent, a mysterious warmth and our guides will help you feel closer to the fervent flora.

## 1 Hinohara Toy Museum

Mokuiku

A toy museum nestled in the forest of Hinohara. Youngsters are free frolic in safe environs. Explore a forest, bake a pizza and chop a log. Kids of any age can appreciate this land of imagination.

Us and the trees, ecotourism makes the connection.

# Have a hand at woodworking. It's a lot of fun.

The west Tama area is blessed with an abundance of forest.  
The perfect place for a project to effectively produce timber.  
Truly rooted in what is important, reverence for nature.

So many animals to choose from.
