Mikoshi no Kawaire (Shrine Entering the River)

Area **Hamura**

How about visiting water's flow and flowers that grow in Hamura's vivacious vernal festival? The "portable shrine" carried by devoted teams through the streams of Tama River inspires!

Hamura's Festival in Spring

Shrine Entering the River and Go to Tulip field

Blessed with water and greenery Hamura hosts festival upon festival. The charm of the town and joy of the festivities attracts tourists spring after spring.

Nonbiri Café Water Wheel House

A cafe that utilizes a watermill revived by a local carpenter. You'll lose your sense of time when spices of the daily homemade curry and a flow of the water wheel harmonize perfectly. Recommend the terrace seats by the water wheel.
